

A New Day Dawns for Children of All Abilities at Haverford Reserve

Haverford Township, PA -- Freedom Playground's Grand Opening Sunday, October 24, 2010 at 2pm.

Freedom Playground is a state of the art, custom-built play structure which caters to children of all abilities and needs. Made primarily from composite lumber, it gives ALL children 100% accessibility to all areas of the play structure.

A project that started in November 2008 has come to fulfillment with the help of community volunteers and generous donors; the committee has raised over \$370,000.00.

Under the guidance of the Ithaca, NY architectural firm, Leathers & Associates, Freedom Playground was built in a barn-raising style build from April 19-25, 2010 with the help of over 2,000 community volunteers. Freedom Playground will be owned by the township and open and free to the public 365 days a year, from dawn to dusk.

Our Grand Opening event will be held on Sunday, October 24, 2010 beginning at 2:00pm. Come and celebrate with us and be the first to enjoy Havertown's new playground. There will be live music, entertainment and other festivities for all members of your family to enjoy!

You can still leave your hand print behind . . . learn about the children's hand tiles that line our playground or the personalized picket fences that are available for sale. Visit our website at www.freedomplay.org.
