Item	Description	Ref No.	Action
1	419 and 421 Earlington Road		
	<p>November 22, 2010 the HTHC heard the appeal from Mr. Joe Bilovsky of 421 Earlington who also spoke on behalf of the owners of 419 Earlington Road. Mr. Bilovsky presented a letter to the HTHC dated Nov. 22, 2010 from Bridget and Campbell McCormack of 419 Earlington Rd outlining their position to seek appeal, of which include:</p> <ol style="list-style-type: none"> 1. It no longer presents as a single family house at this time. 2. The house was divided into a twin about 40 years ago and the owners believe to it is devoid of its Eighteen hundreds (1800) character. 3. The original woodwork has been replaced. 4. 	<p>6. The owners believe their house has no historic charm and is just like any other twin in Havertown.</p> <p>7. The owners are concerned that being placed on the Historic Survey will hurt the resale value.</p> <p>8. The owners believe that the first time home buyer who would be looking to purchase their home would be deterred if the house was of historical significance.</p> <p>Mr. Bilovsky noted that he visited the Media courthouse to research the past deeds of the house. Mr. Bilovsky provided approximately 6 photos of the exterior and interior of the house, and noted that the house has undergone significant modifications.</p> <p>The HTHC noted to Mr. Bilovsky that the Historical Ordinance is primarily an anti-demolition ordinance and as such the survey listing is an attempt to assist in ensuring the property is not demolished.</p> <p>The HTHC noted the following in response to Mr. Bilovsky's concerns:</p> <ol style="list-style-type: none"> 1. That the ordinance is in fact an Anti-Demolition ordinance. 2. That although the single-family house has been divided into a twin the scale of the original house is evident from the exterior. 3. The house was in-fact part of the Grange Estate and served as a tenant house. 4. As homeowners both 419 and 421 are free to modify the house. 5. The HTHC will email to Mr. Bilovsky recent publications on the values of historical resource listings. 6. The HTHC noted a potential benefit to being on the Historic Survey for one property owner, if not both owners, in order to have input over possible changes to the other half of the twin.
